

# Act Now Before You're Back to School

**Arkansas Lawmakers Pass Bill Affecting What Must Be On Student ID Cards**

## MORE INFO NEEDED ON ID CARDS FOR K-12 & HIGHER ED INSTITUTIONS

---

**AR HB1770 Bill Passed by Arkansas State Legislature.**

**Update Must be Done Before School Year Begins.**

When the Arkansas State Legislature passed Bill HB1770 into law, it set a new standard for student identification cards, and with the new school year just weeks away, many school administrators may not realize they have some serious homework to do before they go back to school.

In short, the bill, now known as ACT 1069 requires public schools grades six - 12 and all two- and four-year higher education institutions to add the following national hotline information to ID badges to enrolled students:

- Domestic Violence
- Sexual Assault
- Suicide Prevention

## MORE INFO NEEDED ON ID CARDS FOR K-12 & HIGHER ED INSTITUTIONS AS PER ACT 1069

### What You Need to Do Right Now

Getting the new verbiage added to new ID cards doesn't require a massive overhaul in card printing. In fact, AAMSCO provides two options to help schools ensure compliance. We can provide preprinted ID cards with the added language already set up on each card. This is convenient if the school does not have a dual-side card printer. We can also assist customers

that want to reconfigure their current printers to accommodate the new info. Customers who have a service agreement in place with AAMSCO may have this change made to their ID formats at no charge.

**For more information about ACT 1069, contact AAMSCO directly at 800.221.8857, or email [contactus@aamsco.net](mailto:contactus@aamsco.net)**
