

CREDENTIAL OVERFLOW CAN BE A TRICKY GAMBIT, RIGHT?

OUR SOLUTION HAS A VALID ID.

We live in an ID badge world where ID cards are issued regularly for new staff and students or as replacements for lost or stolen credentials. With BadgePass you have one, secure system that handles activation and deactivation and everything in between with a technology that ensures each cardholder has **just one active badge** at any given moment.

- Eliminate Credential Overflow
- Easier Door Access Management
- Automated Cardholder Enrollment
- Minimize Security Risks

Built by ID industry experts who understand the importance of streamlined card issuance and activation.
